

Did you think
Ballz 3D for
SEGA Genesis
was an amazing
experience?
Ballz 3D 3D is
twice as 3D,
thanks to NVidia
RTesque graphics.

BALLZ OUT

Get ready for
a game that
plays more-
or-less exactly
the same, now
with reflections.

Screenshots shown may not match final cartridge.

HALZ -ER.

The soundtrack is bad in a 90s way. Not "bad" like the power glove was purported to be, but bad like the power glove *was*.

Exclusively on
SEGA 32esque
on SEGA 32X
on SEGA CD
on SEGA Genesis.
